

Click-In Installation Power Supply

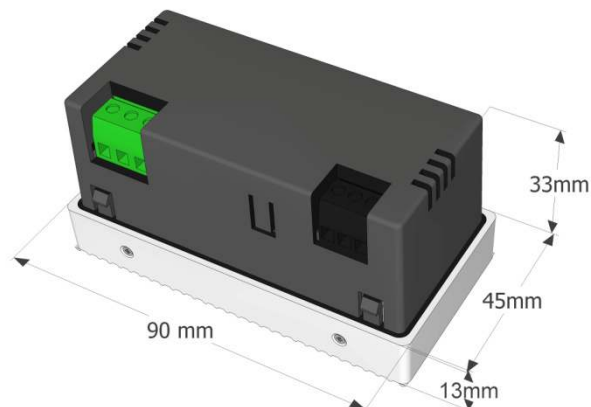

90x45 mm format
54V DC, 70 W

Features

- Power Supply for Installation Switches with 54V DC Input and PoE capability
- Patented design (DE202011103472 U1)
- Full PoE plus, IEEE 802.3at, compatibility
- Easy and toolless installation
- Support of 45mm installation format
- Fanless System with aluminum faceplate for best thermal performance
- Control-LED, green
- Output Power: 70 Watts
- Primary Connection (100-240V AC):
 - Removable 3-pin connector
- Secondary connection (54V DC):
 - Removable 3-pin connector
- Mutual connection of function earth
- Low Voltage Directive "Protection Class II"
- Different cable connection sets depending on project demands

Dimensions

- Dimensions, mm: 90 x 45 x 46 (aluminum faceplate: 90 x 45 x 13; plastic housing: 85 x 40 x 33)
