CEHS-CI 02 cable

The CEHS-CI 02 cable is ideal for all users of professional headsets, in combination with one of following EHS-compatible Cisco desk phones:

- Cisco 8900 series*
- Cisco 9900 series

This cable is an enhancement for any contact center or corporate office environment. It has been specially designed to make calls convenient to manage – thanks to easy set-up, single-button operation as well as efficient and flexible answering/ending of calls.

The CEHS-CI 02 is compatible with the wireless office headsets by Sennheiser Communications – DW Office, DW Pro 1, DW Pro 2 and D 10.

Please note that the cable is not intended for connecting to a PC.

Benefits and Features:

- Remotely answer your phone calls
- Handle all calls by the press of a single button, i.e. end the call
- Get notified from the distance about incoming calls by the ring tone in the headset
- Efficient and flexible call handling i.e. take or end the call
- Call control towards the phone without using a mechanical handset lifter
- Easy setup
